This is to certify that at a meeting of the Court of Common Council, February 14, 2017, the following RESOLUTION was passed.

WHEREAS, Owners of motor vehicles registered in Hartford and other cities and towns generally pay higher insurance premiums according to zip code (neighborhood), rather than insurance rating by personal risk factors; and

WHEREAS, State government has successfully equalized vehicle TAX RATES across the state (separating from local mill rate), but not yet passed a Bill to require insurance firms to more fairly average INSURANCE RATES over wider areas such as community rating over the state, county, or full metropolitan area; and

WHEREAS, The current system results de facto (generally) in unfair and discriminatory higher insurance rates for inner city, poorer, and minority populations, rather than according to actual driving habits and risks; and

WHEREAS, Bills currently before state Legislature are:

1. House Bill No. 6430: AN ACT PROHIBITING USE OF CREDIT SCORES AND THE CITY OR TOWN WHERE A MOTOR VEHICLE IS GARAGED AS UNDERWRITING FACTORS FOR AUTOMOBILE INSURANCE POLICIES. It does not have a public hearing yet.

2. Proposed Bill No. 5874 (in Committee on Transportation, Rep. Candelaria): An Act Concerning Automobile Insurance Premiums in Urban Areas; "that the general statutes be amended to reduce the disparity in car insurance premiums in urban areas in Connecticut that are proportionately higher than premiums in the rest of the state; Purpose: To reduce the higher premiums paid for auto insurance by those living in urban centers of Connecticut." General A; now, therefore, be it

RESOLVED, That Hartford Court of Common Council supports such legislation to reduce or eliminate such disparities in insurance premiums which are costly to our residents and those in other cities.
